To Whom It May Concern:

It gives me great pleasure to recommend American Professional Roofing, Inc. to your firm. I have worked with American Professional Roofing, Inc. for six weeks during an entire roof replacement and gutter replacement at our 168 unit condominium complex. In that time, they displayed the utmost professionalism, outstanding communication, dependability and punctuality while giving our community quality service at a competitive price. They also completed the job in its entirety 2 weeks before the promise date with one issue that was resolved immediately.

I recommend them with enthusiasm, and if given the opportunity, would hire them again for future work.

Sincerely,

Shari Morrison, LCAM, CMCA
Meadowlake Palm Harbor COA
